

Enfield High School

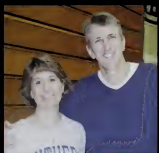

L

Dedication

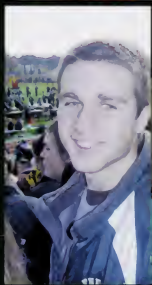

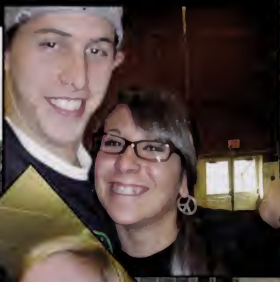

There are some people that always bring a smile to your face. Whether she is teaching us a new sport, introducing an awkward health topic or giving a simple hello, Mrs. Hudson has always brought cheerfulness to the halls of Enfield High School.

Mrs. Hudson has followed the class of 2009 from JFK Middle School to Enfield High. The relationship between Mrs. Hudson and her students has only grown stronger throughout the years. She is loved and appreciated by all the students, especially the seniors who have been lucky enough to have known her for the past six years.

When it came time to dedicate the yearbook, without a doubt, Mrs. Hudson was the first to come to mind. We admire her strength and dedication to everyone who surrounds her. Not only will we miss her bubbly personality and charisma, her matching sneakers and windbreakers, but also her roly backpack that takes up the hallways.

Mrs. Hudson is not only a teacher, but also a member of the family here at Enfield High. We love you Mrs. Hudson and can not thank you enough for being the amazing person that you are. You have guided us in the right direction. We will never forget you.

Love,
The Class of 2009

Graduates of 2009

"Feel the rain on your skin
No one else can feel it for you
Only you can let it in
No one else, no one else
Can speak the words on your lips
Drench yourself in words unspoken
Live your life with arms wide open
Today is where your book begins
The rest is still unwritten".

Class of 2009

An aerial photograph of a large group of people, likely students, standing in a large circle on a green lawn. The group is composed of many individuals of various ages, mostly young adults, dressed in casual clothing like jeans, t-shirts, and hoodies. They are arranged in a somewhat irregular circle, with some people standing closer together and others further apart. The lawn is a vibrant green, and a paved path or road is visible on the left side of the frame. The overall scene suggests a group gathering or a school event.

All the times we had together
And as our lives change,
Come whatever
We will still be, friends forever"

English

Tucked away on the third floor of EHS, the English Department is hard at work preparing students to become effective communicators and life-long learners. Its wise and witty teachers strive to foster students' critical thinking skills, creativity, and charity. This year, Mr. Cunha led the way with the Books of Hope program, in which students created children's books for underprivileged students in war torn Uganda. Mr. McMahon encouraged students to become involved with the Invisible Children mission, which aims to help child soldiers and other children in Africa who are victims of war and poverty. Teaching literature, writing and media courses, all of the English teachers at EHS aim to educate as well as inspire students to connect with the world around them.

Art

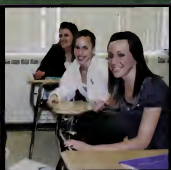

At Enfield High School, the Art Department offers a variety of classes in which students can show their artistic side. With many classes like ceramics, drawing, visual art skills, and portfolio preparation, the Art Department helps students to express their feelings, thoughts, and ideas through art.

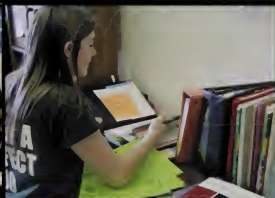

Social Studies Department

The Social Studies Department strives to help students understand how people, places, and cultures interact to create history and current events. All of the teachers enjoy the subjects they teach and make learning fun. The department is proud of its work with many after school programs that provide students with unique experiences. In the fall, Youth Vote aids classes to grow with government involvement. They have conducted candidate forums and congressional debates. The Model U.N. creates a team that represents a foreign nation, visits their consulate in New York City, and defends their nation's position at the Connecticut Convention. Numerous fundraisers and charitable activities have been conducted under the department's guidance throughout the years. In the Spring, some students go to the nation's capital with CloseUp to be even more involved with understanding the federal government. The department is proud of their many practical programs that enrich Enfield education.

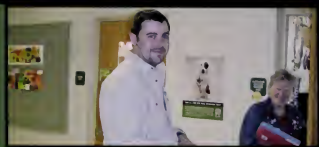

World Language Department

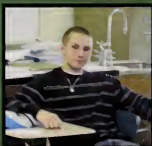

The Enfield High School World Language Department is responsible for countless cases of changed lives and unforgettable experiences. This department has been host to numerous exchange students from all over the world, including France, Spain, China, Germany, and Thailand. Learning a second language is a marketable skill in today's global society. To respond to changes created by instant global communication, American society requires an effective work force able to meet the needs of consumers who may not speak English. Whether searching for a career in business, medicine, academics, or any other area, knowing a second or third language is a definite advantage. Our World Language classrooms seek to prepare our students to communicate in the language while learning about the cultures inherent to that language. As global proximity increases, we want our students to develop a greater awareness of other peoples' world views, their ways of life, their patterns of behavior, and the ability to recognize the significant contributions that culture has made to world civilization. The department also offers opportunities to travel and to participate in field trips, such as State Latin Day, in order to enhance the World Language experience.

Science Department

The Science Department strives to encourage students to take an interest in science. Through hands-on activities students are able to use their creativity to solve everyday problems. Their goal is to make students aware of their decisions and the consequences of them, especially environmentally. With the help of science teachers, students can become more responsible consumers in today's world. Science is everywhere around you, and the purpose of the Science Department is to make students excited about science. Science teachers want to inspire their students and to light a passion, which they do by teaching science as fun and interesting.

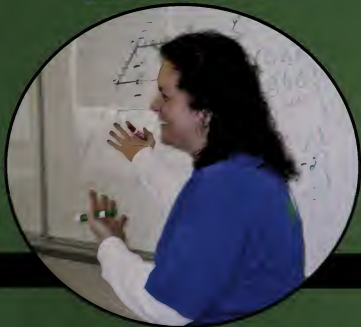

Math Department

The Mathematics Department of Enfield High School prepares the students to apply the skills they learn into their everyday life. The math teachers strive to help the students perform to the best of their ability and to identify their weaknesses. The students learn how to interpret data, solve mathematical equations, and use data analysis. The department's goal is to open doors to many opportunities for the students. The students can apply all of the mathematical skills that they learn into their lives, and to their future careers. The Math Department had a very successful and fun year due to the teamwork and high effort in the classrooms.

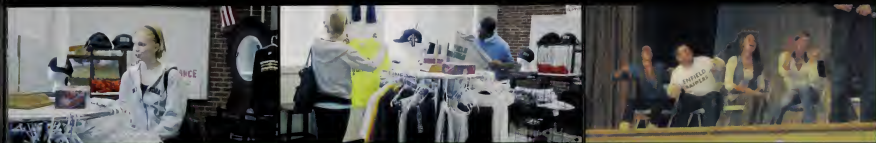

Technical Education

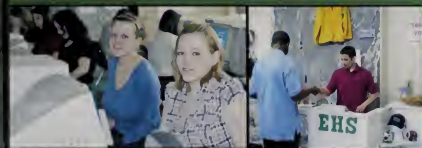

The Technical Department at Enfield High School offers students an opportunity to learn hands-on technical skills. In Wood Tech students are able to create many different products from a nightstand to a bookshelf. In Drafting tech students are able to use a Computer Aided Drafting (CAD) machine to make two or three dimensional drawings of houses or cars. Some of the other classes offered are graphic arts, automotive mechanics 1 and 2 and robotics technology. This department is exciting and challenging and many students choose to take part.

Business & Marketing

The EHS Business Department helps students prepare for the future. This department has continued to grow stronger within the past few years as more and more students want to take courses that help them develop an awareness of business careers, learn and practice decision-making and leadership skills, and acquire knowledge for managing businesses of their own in the future. Students are able to select classes such as Accounting 1 & 2, Marketing 1 & 2, Business Concepts and Careers, and several others.

Right from top to bottom: Mrs. Burger working at her desk; Mr. Hargraves visiting the Child Lab class; Allison Kaplan with two children from Child Development Lab; Jenn Serafin holding a baby in a Parenting class; Andrew Votta is proud of his pizza creation in Foods class.

Family & Consumer Sciences

The Family and Consumer Sciences Department is a great place to learn valuable lifelong skills. Where else can you learn to balance a check book, prepare an omlet, design a dream house, and run a preschool? It is always fun to smell the goodies being created by the culinary classes and to see the energetic three and four year old children enjoying the EHS preschool. Family and Consumer Sciences classes offer a wide variety of career explorations. The main goal of the FACS department is to provide important skills that students can incorporate into their everyday lives. Mrs. Jurgens and Mrs. Burger enjoy their content area and seeing their students succeed.

Physical Education

After many long months, EHS finally got the gymnasium back and in order. Due to last year's flood new flooring was put in the gym. Winter and spring sports had a big struggle trying to find practice and game places since no one was allowed in the gym. It was a great pleasure to have our sports and P.E classes back in the gym this fall. The teen leadership and health classes have returned to the B-wing room after all of the flood damage was repaired. The track and football field have been in use as well. P.E classes are eager to resume use of the baseball and softball fields once the grass grows in completely.

Music

Here at Enfield High School, the Music Department offers students many ways to express themselves. Playing violin in the String Orchestra, performing at school concerts in the Jazz Ensemble, playing in the Marching Band at the Enfield Raiders football games, singing in the chorus or learning how to play the piano are just some of the options offered by the Music Department.

The Girls Volleyball team had a great season. Not only was there an improvement in the number of wins but also in teamwork. The team raised money in several different ways. The girls had a fundraiser with Little Caesar's Pizza, a car wash, and a Family Fun Night at Friendly's. All of these fundraisers helped the girls buy team apparel.

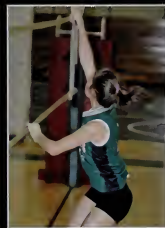

Volleyball is a very technical sport and communication on the court is key. Without the awesome teamwork, positive attitude, and great team rapport, this season would not have been as fun and successful as it was.

CHEERLEADING

Pep Rally

The pep rally began with the festive sound of the band as everyone arrived in the gymnasium. Each act brought its own unique style to get the crowd cheering. This included the cheerleaders, the dance team and the hip hop dance crew. The tug-of-war was a huge success! It got the crowd on their feet and many students enjoyed watching the teachers lose. The "Walk Like A Woman" fundraiser made everyone laugh. The pep rally was a success and got the football team hyped up for their big game against Fermi! Go Raiders!

Patriotic Song Club

The Patriotic Song Club is the brainchild of Mr. DeFilipi who teaches in the Social Studies Department. "Mr. Democracy" has been writing songs about his love for America for quite a long time. Over the past several years, he has recorded CD's and has begun "touring", playing at Enfield's Fourth of July celebration on the town green and at the Eastern States Exhibition (the Big E). Mr. Crane sings with brilliance and Mr. Duffy plays expertly on the bass, while Coleen Nelson, Alyssa Meers, and Brittney Dags lead with the vocals! Mr. Democracy has recruited some of Enfield High's most talented singers to lead the school in patriotism!

Larping Club

L.A.R.P. is an acronym for Live Action Role Playing. The club focuses on medieval fantasy combining combat, magic, and costuming. These knights meet to prepare their (foam) weapons for battle. Using the Realms Combat System, they organize a world other than their own, one filled with fantasy, mystical creatures, and quite often, hostility. This group, only a few years old, has become the dream of one teenage boy, hoping that would soon save the world from the evil Sea Mage Atuna. Bring your imagination, be there, and be square.

Yearbook

One thing high school students look forward to most, is receiving their high school yearbook. With it, they can look back on the memories and events that helped shape their high school career. A great thanks should go out to the members of the yearbook staff for their dedication and hard work, but more importantly a huge thanks should go out to Miss Darin. She has spent so much of her time to help organize and show us all of the tricks to make it an amazing yearbook. Although high school will fade from our memories, the yearbook will always be a treasure to remember past times.

Quartet

The quartet includes four musicians playing violin, viola and cello. They are members of the EHS orchestra who auditioned to join. They perform at concerts with the orchestra as well as the ensembles' concert and other venues. The quartet plays various types of music even if it is arranged for a full orchestra. It is a group effort to learn music independent of the conductor's constant supervision. They are a devoted group that is passionate about their musicianship, meeting once each week and practicing after school. They love what they do and work to their full potential to put feelings into music.

Memories

"You're gonna miss this
You're gonna want this back
You're gonna wish these days
 hadn't gone by so fast
These are some good times
So take a good look around
You may not know it now
But you're gonna miss this"

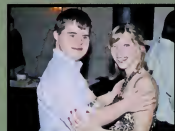

Congratulations to all of the EHS football players in a game that had the crowd on their feet the whole time. The team came back with an amazing victory in the end! Thanks goes to the band and cheerleaders for their amazing spirit this season.

The homecoming dance was held at the Crown Plaza Hotel this year. It was a wonderful idea from Mrs. Stone. The dance was very successful and loads of fun. Seniors and underclassmen danced the night away to cool songs like "So What", "Hot 'n Cold" and even "Cotton-Eyed Joe".

Psalm 23
The Lord is my Shepard, I shall not want
He makes me lie down in green pastures,
He leads me beside quiet waters,
he restores my soul. He guides me in
paths of righteousness for his name's sake.
Even though I walk through the valley of the
shadow of death, I will fear no evil,
for you are with me;
your rod and your staff, they comfort me.
You prepare a table before me
in the presence of my enemies.
You anoint my head with oil;
My cup overflows.
Surely goodness and love will follow me
all the days of my life,
and I will dwell in the house of the Lord forever.

Love, Danny
